

SERVICE STANDARD
INDIANA DEPARTMENT OF CHILD SERVICES
INDEPENDENT LIVING FOR RESIDENTIAL PROGRAMS
EFFECTIVE 1/1/12

I. Service Description

Independent living (IL) consist of a series of developmental activities that provide opportunities for young people to gain the skills required to live healthy, productive, and responsible lives as self-sufficient adults. Independent living services should be seen as a service to young people that will help them transition to adulthood, regardless of whether they end up on their own, are adopted, or live in another permanent living arrangement. IL services should be based on the Ansell Casey Life Skills Assessment (ACLSA) following the youth's referral for services. Youth receiving IL services must participate directly in designing their program activities, accept personal responsibility for achieving independence, and have opportunities to learn from experiences/failures.

Services should be provided according to the developmental needs and differing stages of independence of the youth but should not be seen as a single event, or as being provided in a substitute care setting, but rather as a series of activities designed over time to support the youth in attaining a level of self sufficiency that allows for a productive adult life. Services should address all of the preparatory requirements for independent adulthood and recognize the evolving and changing developmental needs of the adolescent.

All youth are to start receiving IL services at age 16. If a youth is placed in a LCPA foster home, residential or group home, the agency/facility is responsible for providing IL services as part of their per diem. Youth should receive a minimum of three (3) hours per week of IL instruction (should not include time spent on Activities of Daily Living). Seventy-five percent (75%) of the allotted IL instruction time per month must be individualized instruction. In addition a portion of the IL instruction time must be in the community. Youth need training that is community oriented, outside of the group home. Youth who have approved Medicaid waivers are not required to receive IL services.

Independent Living Programs are designed to assist young people by advocating, teaching, training, demonstrating, monitoring and/or role modeling new, appropriate skills in order to enhance self-sufficiency. Services must allow the youth to develop skills based on experiential learning and may include the below outcomes based on the youth's needs as identified through the Independent Living assessment.

The independent living assessment must include a comprehensive, written assessment of the youth's strengths as well as areas of improvement. The Ansell-Casey Life Skills Assessment (ACLSA) at www.caseylifeskills.org is the **only** assessment tool approved for

use. This assessment must be completed annually and shared with the youth, caregiver and referring agency within ten (10) days of completion.

****Completion of the ACLSA and Learning Plan must be recorded for NYTD. These activities are reported by selecting “Independent Living Needs Assessment” in the NYTD web portal when submitting the youth’s monthly report through the NYTD web portal during the reporting period corresponding to completion of these activities. The ACLSA and Learning Plan do NOT need to be submitted along with the monthly report unless otherwise directed by the referral source****

OUTCOME AREA: EDUCATION

Result:

- Young people acquire sufficient education, advocacy skills and training to enable them to achieve their career and life goals.
- Educational and other institutions and agencies provide opportunities, encouragement and advocacy to increase youth's achievement of educational goals.

**** NYTD:** reportable service elements are identified in bold font after service in “provider responsibilities”. Please refer to these when submitting monthly reports through the web portal. Any questions regarding reportable service elements should be directed to the email box:

dcscopytd@dcs.in.gov **

CORE COMPETENCIES	YOUTH OUTCOMES	PROVIDER RESPONSIBILITIES
Ability to succeed in school	<p>Young people attain their educational goals and are knowledgeable about and understand the importance of:</p> <ul style="list-style-type: none"> • Participating in educational activities including, but not limited to: tutoring, mentoring, extra-curricular activities, support programs, voluntary office hours with educational supports • Identifying when and if they require support services and how to seek out assistance that meets their needs • Resources for youth-specific connections for transitions (either in the educational and social community) 	<p>Assist youth in understanding different opportunities and support services and how to access those support services to aid in successful completion of educational goals. Engagement on Youth Advocacy/Public Policy Level	<ul style="list-style-type: none"> • Youth will have basic knowledge of how public policies are created and the legislative processes • Youth will demonstrate that they know how to research and locate resources of interest • Youth will know how to access, influence and/or participate in Youth Advisory Board activities 	Provide education and opportunities for youth to gain advocacy knowledge and skills.

II. Case Record Documentation

Necessary case record documentation for service eligibility for CHINS and probation youth must include:

- 1) Initial Ansell-Casey Life Skills Assessment and ongoing assessments every year during the service provision period;
- 2) Documentation of regular contact with the youth and the DCS;
- 3) Monthly written reports, or more frequently if requested, regarding the progress of the youth provided to the referring agency.

III. The National Youth in Transition Database (NYTD)

Data must be reported monthly regarding independent living services provided to youths over the age of 16. This federal and state requirement is fulfilled by service providers submitting their monthly provider reports via the NYTD web portal, which can be accessed through the following link: <https://iposciqa.dcs.in.gov/DCS/NYTD/ProviderLogin.aspx>. When submitting monthly reports, providers are also required to mark which service elements, as defined by the federal government, were provided to every youth during a report period. The information regarding service elements that are required for Chafee IL service providers to submit are in compliance with the Chafee National Youth in Transition Database; Final Rule and all technical documents that support the information described in this rule. Providers can be assigned user names and passwords through the DCS NYTD helpdesk email (DCSNYTD@dcs.in.gov). Once providers enter the required information into the web portal and attach the monthly report, the report automatically loads into the youth specific case in the DCS case management system, as a contact. Monthly report templates, definitions and an informational webinar can be found through the following link: <http://www.in.gov/dcs/2793.htm>.

Failure to upload monthly reports through the NYTD web portal will result in the denial of all claims submitted for each reporting period missing a monthly report.

Service element descriptions can be found in two separate places:

- In the service standards, following the provider activity description in each outcome area, the NYTD service element is identified in **(bold)**
- Each of the federal service elements, definitions and examples from Indiana's service standards can be found by following the link: <http://www.in.gov/dcs/2793.htm>.

Please note that not all service activities listed in Indiana's service standards are reportable as a NYTD service element.

Additionally, some activities can be reported under two NYTD service elements. Questions regarding NYTD reporting should be directed to the email box: dcsnytd@dcs.in.gov.
